

Modification by Consent for NURS Funds - Update

Following some misunderstanding with the FCA last week, we have now been assured that the current waiver allowing NURS funds to issue UCITS-type KIIDs will be extended beyond 30 June 2016.

Although the FCA website is yet to be updated, as they are making some slight amendments to the Direction, application forms to extend the waiver to 31 December 2018 can be [downloaded here](#) and should either be posted to the FCA's Central Waivers Team or [emailed to them](#) without delay so they can deal with them before the end of this month.

If you require further information please get in touch with us by calling 020 7337 2291 or by email at fe-kiihub@financialexpress.net.
